

# Annual reports, business presentations, newsletters, overheads, and more.

With PageMaker it's all easy.  
Learn how at this special seminar.

No other PC desktop publishing software program is as easy to use. No other program offers such advanced capabilities. That's PageMaker<sup>®</sup>; and at this special hands-on seminar, you'll learn exactly how your business can put it to work—to produce virtually all your business publications and reports.

All at a fraction of the cost of conventional publishing.  
The process is simple. The quality is professional.  
And the price is right.

Learn how to save your company time and money with today's most popular desktop publishing software program for PCs. Call today for reservations at this PageMaker seminar.
